* Ink yield calculation is based on printing Canon 24 standard digital images on Photo Paper Plus Glossy (6" x 4" borderless print) with default settings in Windows XP driver. The figure above is an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance. Please visit our website for further details.

1. Ink droplets can be placed with a pitch of 1/9600 inch at minimum.

2. Print speed dependent on system configuration, image/document complexity, type of paper used, software, print mode and does not take into account data processing time on host computer.

Up to 100 Years' Life in a Photo Album when printed with ChromaLife100 ink on selected Canon photo papers. Kept in a photo album, shut out light and air (gas), temperature 23 degrees and 50% humidity. Predicted value from the accelerated test. Result may vary based on individual environmental factors. For more information, please visit canon.com.au/ChromaLife100 3.

PictBridge camera direct printing requires PictBridge compatible digital cameras in order to function. Check with your digital camera manufacturer or users guide to determine PictBridge compatibility. 5.

Compatible memory cards include CompactFlash®, Microdrive, SmartMedia®, Memory Stick®, Memory Stick PROTM, SD CardTM and MultimediaCard® (v3.31). Note: xD-Picture CardTM, Memory Stick DuoTM, Memory Stick Pro DuoTM, miniSD Card and RS-MMCTM (v3.31) can only be used with the addition of a special adaptor sold separately - ask your memory card supplier.

USB 2.0 Hi-Speed performance requires Windows XP with Service Pack 1 or Windows 2000 with Service Pack 4 with pre-installed USB 2.0 Hi-Speed port. 6.

7. Easy-WebPrint requires Microsoft Internet Explorer version 5.5, version 6.0 recommended.

All specifications may change without any notice.
